Have you got a passport? Even if you have, you might not get the chance to use it for a while. But with this Prayer Passport, and a little bit of imagination, you can discover what life is like for millions of Christians around the world.

For some, it is very hard, lonely, and even dangerous - that's why they need your prayers. As you colour in the pictures and think about their lives, ask God to protect and strengthen them. And remember, Jesus said: "I am with you always, to the very end of the age." (Matthew 28:20)

Here's how to print* your Prayer Passport:

- When printing, select the size option 'Actual size'
- Under 'Page Setup', change paper size to 'A4 borderless' or, if given the option to adjust margins, change margin size to '0'
- Select the option 'double-sided printing'
- Once printed, cut along the dotted line on each page, and arrange according to the page numbers
- Fold into a booklet, and staple together if you like!

*print settings may vary on different home printers
